The County will be holding public workshops to educate the public about the current redistricting process and to seek public input on various redistricting scenarios. Workshops are free of charge.

Redistricting is the redrawing or adjusting of supervisorial district lines to ensure that legislative representation is fair and balanced.

Each workshop will feature a presentation on:

- The legal requirements of redistricting
- The steps and timeline for the County's process
- An overview of the 2010 Census Data
- Draft redistricting scenarios

A public question and answer session will follow
